

Photo report V31:

Project Wiap KFKOK Vietnam
Project start November 2010. Our present
Labour Start: 15 April 2013 to May 15, 2013.
Final report of the trip.

Photo1: the last 2 weeks were often the media in our school. This makes a state youth magazine a movie.

Photo 2: They film everything from above. They passed us on Monday, 13.05.2013 in the morning and at noon.

Photo 3: Our old, heavy milling machine which we brought from Switzerland, is filmed.

Photo 4: Director Bang came last week returned from Hanoi, where he had meetings in the Ministry. He must now be under sign for the profession Polypraktiker the training program from us.

Photo 5: Everything stamp, it still goes to legalization. Then it's urgent to Hanoi

Photo 6: Finally, on Tuesday, 14.5.2013 we were the hospital goods, which we delivered to Vietnam in December distribute. The value of goods had been declared with 150 000 CHF Ministry of Health Vietnam.

Photo 9: By bus, the hospital No. 19 (30) pick up the skin laser machine, was given by KFKOK. The door of the car was too small. It had another vehicle coming.

Photo 7: It was a 40 feet container, almost 80 m / 3 of relief supplies, over 650,000 face masks. Around 27 vehicles arrived this Tuesday, 14/05/13 at our school.

Photo 10: Tip Top how our apprentices done the work. Thank you. Even for them, the day was a special day. Sure our apprentices are now in the neighboring hospitals for emergencies, not so bad repealed.

Photo 8: C. Our Apprentices (1st year), a man and a woman from the Health Ministry Dong Nai province. Neighboring province of Saigon have everything well organized.

Photo 11: 30 These papers were donated for each hospital, which was then signed by the recipient by the Health Ministry on the left, beside of our association KFKOK, right.

Photo 12: This one hospital has received 40000 face masks along with other things. The boxes were 20 face masks.

Photo 15: As I show the governor where our lathes come. Now these are the only machines, which have borrowed from the school, and they come from Taiwan. Therefore, they are not painted blue. This we must change soon, because all of our machines are from Europe, the majority from Switzerland.

Photo 13: Now comes the Governor, (left) of the province of Dong visit us. He wanted to give us an award, told us our KFKOK coordinator Vietnam Mr. Le Hieu Tung.

Photo 16: Now we are in the board room (auditorium). All teachers and our apprentices are also here.

Photo 14: On the tour with the governor in the training workshop. Here in the electrical room.

Photo 17: Everyone stood up. There was singing the Vietnamese national anthem, even to the worship of the late Ho Chi Minh, who is in the room on a statue

Photo 17: The Governor gave our association KFKOK a certificate.

Photo 20: The Governor, head of the Health Ministry, Iris and HP Widmer

Photo 18: An Award and rear hammer and sickle. okay.

Photo 21: After the ceremony, the school has invited the Governor to a dinner with us. A big thanks to the School Director Bang (right), the Ministry of Agriculture, which the association KFKOK allowed to store the supplies in the school until the distribution concept with Dong Nai Department of Health was established.

Photo 19: The document says: translation follows:

In summary, the last 2 weeks were not as promote the training program because media organization, hospital goods, preparation etc Holcim have taken few days of rigorous instruction. This is absolutely necessary if we want to be a top training workshop.
